E-Z MESSAGE

Vehicle-Mounted Message Sign

The vehicle-mounted dynamic sign combines the flexibility and convenience of dynamic messaging.

The vehicle-mounted sign utilizes the LED sign system, which encompasses many benefits:

- The system is fully modular; E-Z Message LED can be configured according to specifications.
3'x2'-4'x3'
- Once mounted, the sign can be easily lowered or raised with a push of a button from inside the cab.
- Full matrix graphics and text can be programmed utilizing a handheld remote.
- The system has excellent angularity and visibility, and meets or exceeds all industry standards for changeable message signs.
- Wi-Fi
